

# The Structure of the Ordinary: Form and Control in the Built Environment

Form and Control in the Built Environment  
N. J. Habraken • edited by Jonathan Teicher

The Structure of the Ordinary, the culmination of decades of environmental observation and design research, is a Form and Control in the Built Environment. According to N. J. Habraken, intimate and unceasing interaction between people and the forms they inhabit uniquely defines built environment. The Structure of the Ordinary: Form and Control in the Built Environment [N.
