

# The Gibson Les Paul Handbook: How To Buy, Maintain, Set Up, Troubleshoot, and Modify Your Gibson and

**The first ever hands-on how-to manual devoted to the famous Gibson Les Paul is now updated with the latest models and guitar-tech advice.**

Here are the expert tricks and tips of the guitar techs that you need to make your Les Paul play like a dream, with the tone of a heavenly choir:

- Setup essentials: intonation, bridge and neck adjustment and alignment
- Easy repairs: fret fixes, string and pickup height fine-tuning
- Do-it-yourself maintenance: electrical troubleshooting, paint and lacquer repairs
- Backstage gig repairs: hard-learned advice from the pros
- Hot-rod mods: pickup replacement, rewiring options—and much, much more!

This color guidebook also gives you essential expert advice on choosing which Les Paul to buy with a detailed model history and valuable tips on examining your purchase.

The Les Paul is the Cadillac of electric guitars, yet they're easily maintained and modified—if you know how to do it, that is! Many musicians pay guitar shops for periodic "tune-ups," but this book explains how to do it all yourself.

Musician and guitar tech Paul Balmer has played Les Paul guitars since the 1960s and has veteran expertise to share.

Whether you own a vintage Les Paul Goldtop, 'Burst, SG, Epiphone, or a modern beauty, this book is as essential as a pick for getting the most out of your guitar!
